

Toot your horn!

PennState Extension

Go ahead! It's okay to toot your own horn. In appreciation for all the important work that ECE and OST professionals do, Penn State Better Kid Care sings your praise! During the Week of the Young Child (April 8-12) and Afterschool Professionals Appreciation Week (April 22-26) *we're offering the module, [Online Learning: Best Practices to Maximize Professional Development](#), free of charge*, in our On Demand professional learning system.

From April 8–April 26, 2019, professionals will not be charged for the assessment or certificate.
